

Ryan Thompson

ryan.thompson@example.com +1 (212) 555-0000 New York, NY

Results-driven Senior Cybersecurity Specialist with 10+ years of experience leading comprehensive cybersecurity strategies and policies. Proven track record of developing and implementing robust security controls, conducting regular risk assessments, and providing expert guidance and support to IT staff. Possesses strong analytical and problem-solving skills, with a strong knowledge of cybersecurity threats, security technologies, and agile development methodologies.

Experience

Senior Cybersecurity Manager · HackerOne

2020 – 2024

Led the development and implementation of HackerOne's comprehensive cybersecurity strategy, resulting in a 99.99% uptime and a 50% reduction in security incidents. Conducted regular risk assessments and vulnerability assessments to identify potential security threats and developed and implemented robust security controls, including firewalls, intrusion detection and prevention systems, and antivirus software.

Senior Cybersecurity Consultant · IBM Security

2018 – 2020

Provided expert guidance and support to IBM's IT staff on cybersecurity best practices and phishing prevention, resulting in a 30% reduction in phishing incidents. Conducted penetration testing and vulnerability assessments to identify potential security threats and developed and implemented incident response plans and procedures.

Cybersecurity Consultant · PwC

2015 – 2018

Conducted regular risk assessments and vulnerability assessments to identify potential security threats and developed and implemented robust security controls, including firewalls, intrusion detection and prevention systems, and antivirus software.
